

November 2022

Dear Faithful Friends of PMI,

It is especially at this time of year that we stop to reflect on all the blessings God has bestowed on us. We were so happy to share with you at our banquet in October. Thank you for the great turnout and trust you were blessed. We were pleased to be able to share with you some important news at that time but would like to follow up for those who were unable to attend.

We are currently in the process of finding a new Chambersburg Center Director and have some promising prospects. We appreciate your prayer for God's choice for this position.

We have placed the Chambersburg office building up for sale and are looking to purchase a new facility. The reasons for this are:

The age of the current building requires much needed maintenance. Estimates have come in at about \$200,000, but with an old building who knows what else we may run into.

The layout of the building is not optimal and requires our pregnant clients to climb stairs to get a sonogram. Even with repairs, we would still be dealing with the same layout that has its challenges.

In planning for the future, we have been following Godly principles of saving which brought us through the last couple of years with funds, which when added to the sale price of our current facility, should allow the purchase of a new facility without requiring a mortgage. As with any move, there will be expenses such as carpet, paint, furnishings, etc. which will require additional funds. We will be trusting God to bring in these funds, as well as replenish our emergency savings account.

We have been in prayer over this decision and believe this to be the best course of action to use your gifts wisely. Please be in prayer with us that the Lord will continue to lead us and continue to bless this ministry. On behalf of the Board of Directors and staff, Thank you again for your faithful support.

Mike Brown, PMI Board President
